Many of us have probably heard of professional wrestling, organized by WWE. Professional wrestling is considered a recreational art sport with a combination of fighting sport and stage performance. And all the professional gladiators hold the matches on stage. Matches usually take place according to an existing scenario, and gladiators will take away the very voyeuristic end. Of course, everything that happens on stage will be very violent, and all these actions are not really causing many injuries because they are performed by experienced gladiators. Upon reaching the WWE arena, viewers will witness the extremely exhilarating scenes of violence staged. And to satisfy lovers of this sport, a lot of simulation games have been created to satisfy performing arts enthusiasts. If you are a professional wrestling fan, then in this article, I will introduce you to a very attractive game -- WWE Mayhem. This game was produced by Reliance Big Entertainment - one of the best fighting game editors on the phone. WWE Mayhem promises to offer players the most authentic experience of this fascinating sport. Gameplay As a professional wrestling action game, what do you want most during character control? The core platform makes the game's gameplay appealing in WWE Mayhem, it seems that the developer has redesigned all sophisticated and professional techniques in a more direct and accessible way. Basically, players will transform into professional wrestlers to participate at the top of the WWE tournament. Trying to dominate the game and become the winner is always the biggest goal of this game. It can be said that real-life WWE tournaments ultimately inspire this game, then re-stimulated and customized in an exciting game with attractive gameplay. Specifically, the game's program is still divided into two main shows, Raw and Smackdown. These are the two leagues anyone who has seen WWE tournaments knows. At the same time, this is also the main place for fighting stars in the entertainment world. And this game has done a great job of replicating all the experience spectators have witnessed first-hand in the royal arena. Because almost all the images of the most famous figures in the history of Professional Wrestling are included in a phone game. It can be said that this is one of the brightest points of this game that few competitors can overcome. The game is addictive but simple and I'm sure all of you are very curious about how to control the character in this game. What makes this game so attractive and accessible to many players? You'll be surprised because the game is designed in the form of Touch & Sweep. Yes, with only a few simple operations on the screen, you can easily enjoy a dramatic match of this violent sport. The game does not have any virtual joysticks, so the screen allows the character to move. Most character action scenes are displayed in 2D. In this state, players will use the touch mechanism to attack opponents. Each attack the player gains a small amount of resistance. After filling a certain amount of resistance, players can perform spectacular takedown techniques. And each character has their own unique way of showing techniques. To open new characters, players must complete multiple games to earn money, exp, and story keys. It can be said that the longer you play, the more attractive this game becomes. If you want to experience the best Professional Wrestling matches, download WWE Mayhem to experience it yourself. Features In addition to a simple game, WWE Mayhem also offers players many extremely attractive features A rich character system with many authentic techniques In the WWE Mayhem lineup, players will encounter many familiar faces in WWE Superstars and WWE Legends. If you are a fan of WWE arena, wrestlers like John Cena, The Rock, Andre the Giant, Triple H, Xavier Woods, AJ Styles, Stone Cold Steve Austin, Brock Lesnar, Roman Reigns, Undertaker, Randy Orton, Seth Rollins, Jinder Mahal, Kalisto, Big E, ... you must have heard of. Just look at the matches they make, you definitely shudder at the skillful wrestling techniques. And in this game, everything happens almost the same. Each character has its own strengths, so take good advantage of the character to create beautiful matches. In addition, our gladiators have a hierarchy of stars. The more famous and influential fighters in reality, the higher their number of stars. Of course, by unlocking these characters, players will certainly have more stimulating feelings in each match. Remember, when the game is about to end, all wrestlers often unleash special skills to lower the curtain, and give viewers the most satisfying feeling of the match. Many game modes and Different of course, game mode is essential for any game. The tasks of this game are divided into several levels in the Story system. In this mode, you'll face many heavyweight opponents and have difficulty levels over time. Not only that, in this history mission, the difficulty of it is also divided into three levels, including Beginner, Normal, Superstar. To be able to conquer and experience all the matches of this game, surely, it will take you a reasonably long time to train and unlock the character. In addition, the game also has two other modes for players to enjoy is Versus mode and events. Versus is a mode that allows players to fight freely with other gladiators and not follow any history missions. At the same time, this is also the best way for players to practice before the famous tournaments. And Events mode allows players to participate in dramatic matches with valuable gifts. Graphics and Sound You can say that there is no fighting game on mobile that has a vivid 3D graphics, and sound effects like WWE Mayhem. In this game, the fights not only stop at the skills of the upper stage of the wrestler, but also in the atmosphere around the match. With bright, crisp graphics combined with the commentator's excellent sound effects and audience applause, players can clearly feel the atmosphere of an exciting and engaging match. Not only that, but the image details of famous characters in this game are also designed to attract attention. Almost all the details of this game are very well completed. It will certainly be a challenge for you to be able to find one less point during the game experience. If you like active fighting games, WWE Mayhem is a game you can't ignore. Ignore.
